OVERVIEW OF NATIONAL INSTITUTE OF TECHNOLOGY MIZORAM (NIT MIZORAM)

Vision

1. To serve the societal needs of the country in particular and the world in general through achieving excellence in innovative scientific and technical education and cutting edge research.
2. To impart and enhance quality technical and scientific education to young men and women.
3. To serve the societal needs of the country in particular and the world in general through achieving excellence in innovative scientific and technical education and cutting edge research.

Mission

1. To impart and enhance quality technical and scientific education to young men and women.
2. To promote all fields of innovations and provide support to the entrepreneurs.
3. To promote all fields of innovations and provide support to the entrepreneurs

Objectives

1. To offer modern Under Graduate (UG) Programmes in various branches of Engineering, viz., Computer Science & Engineering, Electronics & Communication Engineering, Electrical Engineering, Mechanical Engineering, Civil Engineering, Mathematics and Computing, etc.
2. To comprehend enriched Post Graduate (PG) Programmes in Computer Science & Engineering, Electronics & Communication Engineering, Electrical Engineering, Mechanical Engineering, Civil Engineering, while initiate for new PG programmes in Mathematics, Physics, Chemistry, Humanities and Social Sciences, MBA, etc.
3. To introduce new (5 year) dual-degree programme BTech-MTech from all the existing Departments of BTech after completion of their 3rd year for MTech specialization in Computational Nanotechnology and Semiconductors and also in Data Sciences.
4. To provide facilities for research in all Engineering Departments, Basic and Applied Sciences, Humanities and Social Sciences and also in the most imminent Interdisciplinary areas leading to Doctoral Degrees.

Prof. S. Sundar (Director NIT Mizoram)

Message from Director's Desk

NIT Mizoram began its journey in 2009 to achieve global renown in research and education. Since 2009, the Institute has progressed rapidly. Presently, there are about 850 students studying in various disciplines of Engineering, Sciences, Humanities and Social Sciences. The Institute is working untiringly to impart quality education that keeps pace with the latest advances in research and development activities.

We have signed an MOU with IIT Madras on academic and research activities, exchange of academic information, scholarly information, materials, and publications, exchange of students and faculty, and sponsorship of cooperative seminars, workshops, and other academic meetings from 2022-23. The top 11 students from each Department have continued their B. Tech final years at IIT Madras and 2 students are ready to continue their PhD at IIT Madras.

The year 2021 saw an increase of over 60 students. From 18th to 19th June 2022, NIT Mizoram organized FICTA 2022. Our faculty and research scholars have published in reputed journals including Nature and won several awards including best paper awards in international conferences. Dr. S. Vipej Devi, faculty member of Civil Engineering Department has won the prestigious postdoctoral industrial fellowship granted by IGSTC in 2022. NIT Mizoram is organizing ICMEET 2023 as an International Conference with Springer publishing house for LNEE in October 2023.

At present NIT Mizoram is situated in a temporary campus at Aizawl. With the support of the state govt, we are expecting the completion of the partially completed permanent campus at Lengpui, Mizoram within the next two years with best of the facilities for the excellent academic ambience.

The faculty, students and staff of NIT Mizoram are working hard with utmost sincerity and dedication to accept the challenge of making NIT Mizoram a preferred destination for high-quality learning, research and innovation. Their new initiatives will surely bear rich fruits during the years to come.

NATIONAL INSTITUTE OF TECHNOLOGY MIZORAM AT A GLANCE

- NIT Mizoram is one of the 10 new NITs set up by Govt. of India under Ministry of Human Resource Development in 2009.
- The Institute started functioning at Camp Nagpur under the Mentorship of VNIT Nagpur w.e.f July 2010 with 62 students.
- The Institute, since 2011, is functioning out of Temporary Campus in Aizawl.
- The Permanent Campus of NIT Mizoram at Lengpui is under preparation. NIT Mizoram has completed the First Phase of work.
- Hostels for students are located at a distance from the temporary campus. Buses ply between the hostels and academic buildings.
- NIT Mizoram is a residential Institution and that all students and research scholars reside in the hostels/halls of residence of the Institute vide Clause 38(1) of the NITs Statutes.
- All the students of NIT Mizoram shall be paying seat rent.
- The Institute under the mentorship of its current Director Prof. S. Sundar, is in the final stage of a MoU with IIT Madras. Through this selected students from undergraduate programme will be able to pursue their final year from IIT Madras. They can also pursue PhD there.

DEPARTMENT OF BASIC SCIENCE & HUMANITIES & SOCIAL SCIENCES

The Department of Basic Sciences and Humanities Social Sciences was established in the year 2010 along with the establishment of the Institute. The department spans courses in natural, humanities and social sciences. The department comprises different subjects namely Physics, Chemistry, Mathematics, Economics and English. The Department of BS&HSS is devoted to fostering the fundamental principles and understanding of science to enhance the student's basic knowledge of engineering.

BTech Program in Mathematics and Computing

The Department of Mathematics (BS&HSS) is starting a four-year BTech program in Mathematics and Computing from the Academic Year 2023-24 with an intake of 10 students. The program's aim is to produce leaders who will be at the forefront of technological development, cutting edge of innovation in futuristic disciplines and next-generation technologies that require an extensive understanding of mathematics, computer science, and data science. The four-year BTech in Mathematics and Computing Programme is a specialized undergraduate degree programme that combines mathematics and computer science. This Programme is intended to provide students with the skills and knowledge required to develop computational methods for solving complex mathematical problems, as well as to analyze and design computer algorithms and systems using mathematical techniques.

The program is typically structured to cover core topics in mathematics, such as calculus, linear algebra, probability theory, and statistics, as well as fundamental concepts in computer science, such as programming, data structures, algorithms, and computer architecture. Students also have the opportunity to choose from a wide range of elective courses.

The BTech in Mathematics and Computing programme is ideal for students who are passionate about mathematics and its applications in computer science. Graduates of this programme are well-prepared to work in a variety of fields, including software development, data analytics, finance, scientific computing, and research and development in industry, academia, and government sectors.

The department has total six faculty who are well qualified and enthusiast for teaching and research activities, the brief detail of the faculty members are given below:

Faculty Details

S. No.	Name of the Faculty	Designation	Discipline	Qualification
1.	Prof. Alok Shukla	Professor	Physics	Ph.D.
2.	Prof. Ajmal Koya Pulikkal	Professor	Chemistry	Ph.D.

3.	Dr. K. Gyanendra Singh	Associate Professor	Economics	Ph.D.
4.	Dr. Vinay Singh	Assistant Professor	Mathematics	Ph.D.
5.	Dr. Shuchi	Assistant Professor	English	M.Phil., Ph.D.

6	Dr. Surender Ontela	Assistant Professor & HoD	Computational Fluid Dynamics (Applied Mathematics)	Journals: 26 Conf Proc.: 05 Book Chapters: 03

The department as of now only offers Ph.D. programmes in various subjects. The number of registered and degree awarded Ph.D. Students is 45 and 8 respectively. There is no UG and PG program offered by the department.

The department has three labs in Physics, Chemistry and English subjects. The Department of Physics & Chemistry defines its mission in the context of academic excellence, scientific rigor, and scientific integrity. The department has a laboratory with requisite instruments and apparatus to meet the requirements of the UG syllabus. The laboratory is assisted by experienced lab assistants.

The details of major equipment are as follows:

Sl. No.	Labs	Major Research Equipment
1.	Chemistry Lab	Tensiometer FTIR Spectrometer UV-Vis Spectrophotometer
2.	Physics Lab	High energy Ball Mill PE Loop Tracer Phase sensitive meter (PSM), N4L
3.	Language Lab	N/A
4.	Research / Computational (Mathematics)	Lab is equipped with 30 latest all in one desktop computers including the software such as Wolfram Mathematica, Origin Pro, Lingo, MS Office, etc.

Scope for the students:

The applied science knowledge enables the students to face the fast-changing world of Technology. The department also aspires students and scholars for an overall development to enable them to meet the prevailing challenges of the global society with engineering tools.

DEPARTMENT OF CIVIL ENGINEERING

The Department of Civil Engineering started functioning from July, 2014. Currently, there are 4 regular faculties and 4 temporary faculties and 1 technician. The Department offers four years Undergraduate Programme with a student capacity intake of 30 students and PhD Programme.

FACULTIES:

Details of faculties are tabulated as follows:

ACHIEVEMENTS:

A Full-Time PhD student Mr. Peddireddy Sreekanth Reddy working under Dr. Bijayananda Mohanty has published one Research Paper/Article in Scientific Reports, Nature Research/Nature Portfolio from his Ph.D. Thesis.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

The Dept. of CSE is amongst the three first departments which started during the inception of the Institute at VNIT Nagpur in the year 2010 with only under graduate programme. Later Master degree started in the year 2018. Doctoral programme has also started from the year 2015. The department is one of the most sought for departments amongst the students which has seen many colors in terms of academic performance and placement over the years. Students of the department are often selected for internships with reputed universities of Germany, IITs among many others as well as in Software firms. The department manages the Institute network infrastructure along with the ERP system and Website.

ALUMNI:

Alumni of the department have enrolled for master's programs in IIT Guwahati, IIT Madras, New York University and many more. Alumni of the department are placed in reputed firms as BPCL, TCS, INFOSYS, ACCENTURE, TEXAS INSTRUMENTS, GAMECRAFT, DELOITTE etc.

Department of Electronics and Communication Engineering

The department of Electronics & Communication Engineering in NIT Mizoram commenced its journey in 2010 in VNIT Nagpur campus and later shifted to Aizawl. The first B. Tech batch passed out in 2014. Once a toddler, the department has gradually spread its wings and now offers four programmes namely, B. Tech, M. Tech in Microelectronics and VLSI System Design, Dual Degree with M. Tech in Computational Nanotechnology and Semiconductors, and Ph.D. The department is presently functioning in three academic blocks. The Academic Block II has the classrooms and a Computer and Simulation Laboratory. This laboratory is used for software based practical courses and is equipped with a number of essential software. The regular M. Tech and Ph.D research scholars carry out their simulation works in this laboratory. The Academic Block III has a faculty room and three laboratory rooms where most of the hardware based practical courses related to Communication, Analog and Digital Circuits, Integrated Circuits and Microprocessors & Microcontrollers are executed. The Academic Block IV has a faculty room, another Computer and Simulation laboratory and a RF & Microwave Engineering Laboratory. This is a state-of-art laboratory which, along with the B. Tech practical course, facilitates experimental research of Ph.D scholars.

The Department has 6 (Six) faculty members and 1 (One) Technician. Out of the 6 (Six) faculty members; 1 (One) is Associate Professor, 3 (Three) are Assistant Professors, and 2 (Two) are Temporary Faculty (details are tabulated below). The faculty members are very dedicated towards teaching and research. They ensure that quality education is imparted to the students so that they are bestowed with proper knowledge and aptitude to choose career options either in industry or in academics. The broad areas of research of the faculty members encompass the domains of RF & Microwave Engineering, VLSI, Semiconductor Devices, Nanotechnology and Communication Systems. The active involvement of the faculty members in research has resulted in significant research publications in internationally reputed journals and conferences. The department has two completed and one ongoing Govt. sponsored projects. 05 students have been awarded Ph.D in the department. The faculty members have published over 180 papers in reputed journals and conferences in the last five years. There are 07 patents granted to Dr. Rudra Sankar Dhar. The alumni of the department have been engaged in very prestigious services as employees like Indian Engineering Services ECIL, BEL, Indian Railways, Airport Authority of India, Texas Instruments, Intel, Samsung, Vedanta, Infosys, Wipro, TCS, etc. Students have opted for higher studies in institutions like Univ. of North Carolina, USA, Defense Inst. of Advanced Technology, IIT-BHU, IIT Bombay, IIT Gandhinagar, IIT Guwahati, etc.

The Department has 35, 34, 27, 22 students in B.Tech 1st, 2nd, 3rd and 4th year respectively. There are 4 M.Tech students in 2nd year. Apart from teaching regular subjects, the department organizes various short-term courses and expert lectures where resource persons from various reputed Institutes are invited to deliver talks on cutting edge technologies pertaining to ECE so

that the students are aware of the newest developments in the frontiers of technology. Apart from semester exams, the progress of the students is monitored by the respective subject coordinators through various assignments and quizzes. The department has separate programme coordinators to resolve any issues related to B.Tech, M.Tech and Ph.D students. The students have been given freedom to approach the faculty members with any subject related problems. Multi-disciplinary courses are offered in the B.Tech curriculum and elective courses are offered by keeping in mind the recent trends in technology nation-wide. The students are encouraged to undertake industrial internship of atleast a month and there is a separate credit course to emphasize on this matter.

The department in amalgamation with the newly developed Center of Interdisciplinary Research has opened Dual-Degree (BTech-MTech) 5-year programme with MTech specialization in Computational Nanotechnology and Semiconductors. Eligible candidates from 3rd year BTech can opt for the programme.

The department is still in a growing stage with developments being made in laboratory facilities and promulgating more in-depth knowledge with student-centric teaching methods. The cordial environment created through the hand-holding of teachers and students has sustained the nurturing of proper education with a promise of a better future ahead.

Department of Electrical and Electronics Engineering

Electrical Engineering department is starting from 2023-2024 session and earlier the department name was Electrical and Electronics Engineering and it was one of the first three disciplines in the B. Tech program that had started since inception of NIT Mizoram in July 2010. Presently the department offers B.Tech, M.Tech and PhD programs. The B. Tech program was started in 2010 with an intake of 30 students, M.Tech program was started with an intake of 10 students offering specialization in Power Electronics and drives from 2016 onwards. The department offers Ph.D program in wide area of research as a regular, self-financed, sponsored, and part-time mode since 2015. At present there are eight faculty members having a good academic experience dedicated to share the knowledge to the students which help them achieving their goals. The Department aims to impart high quality education to the students and carry out fundamental and industry oriented research work. The research interests of faculties include various areas of Electrical engineering such as Soft computing application in Power System Control, Power Electronics & Machine Drives, Control System and Instrumentation, Non-conventional Energy system, High Voltage Engineering, Electric vehicles etc. The department has well-equipped laboratory facilities for the students such as Electrical Machine Lab, Basic Electrical and Network lab, Power System Simulation Lab, Control & Instrumentation Lab, Power Electronics & Drives Lab are available with the department.

The department has also a Computer and Simulation Lab equipped with following software to work on it: MATLAB, PSCAD, ETAP, and PSIM. Students can access this lab for internet access also. A good number of journal papers, conference papers, and book chapters have been published by the departmental faculty and students. At present 22 students are pursuing Ph.D in the department and 4 have already been awarded the Ph.D degree. One research project on the topic “Analysis, Design and Control of Active Magnetic Bearing for High Speed Application” sponsored by DST SERB is completed. The department has received 2 Patents and 3 more are filed. A department faculty works for Tripura State Electricity Corporation as a consultant. Students Achievements: The students of the department are getting placed in the reputed companies such as Infosys, TCS, Cognizant, Wipro, Samsung, L&T, Vedanta, Power Grid Corporation of India Ltd (PGCIL) etc. with a sound salary packages. Many students went for higher education in premier institutions of India and abroad such as IIT Bombay, IIT Roorkee, IIT Dhanbad, IIT Patna, NIT Surathkal, NIT Silchar, University of Queensland, etc. The campus placement for 2022 outgoing B.Tech batch is 80.95% (till March 2022) out of all the eligible students, it was 75% for 2021 outgoing batch. The highest package to the student of the department in the year 2022 placement is Rs. 14 Lakhs.

Department of Mechanical Engineering

The mechanical engineering department of NIT Mizoram was started from the year of 2013. Currently it's offering the B.Tech course with the annual intake of 30 students. The department has also started the PhD programme offering wide area of research as a regular, self-financed, sponsored, and part-time mode from 2016. M.Tech program was started with an intake of 10 students offering specialization in Thermal Engineering from 2018 onwards. This newly established department comprises of well-qualified faculties, supporting staffs and suitably equipped laboratories. The continuous development in terms of quality faculty members and laboratories evince the Vision and Mission of the department.

The department has well-equipped laboratory facilities for the students such as Engineering Workshop, Thermal Engineering Labs, Manufacturing Labs, Strength of Materials Labs, Dynamics of Machines Labs, Fluid Mechanics Labs and research laboratories like Tribology, Energy Labs, Drying labs and wind tunnels. The department has also a Computer and Simulation Lab equipped with following software to work on it: MATLAB, ANSYS, SOLID EDGE, CATIA and SOLID WORK. Students can access this lab for internet access also.

A good number of journal papers, conference papers, and book chapters have been published by the departmental faculty and students. At present 26 students are pursuing Ph.D in the department and 1 have already been awarded the Ph.D degree. Six research projects have been granted to the department and 4 projects have been completed. The department also organized different programmes like GIAN courses, Workshop, Short term courses and National conferences.

The students of the department are getting placed in the reputed companies such as Infosys, TCS, Cognizant, Wipro, Samsung, L&T, Vedanta, Power Grid Corporation of India Ltd (PGCIL) etc. with a sound salary packages. Many students went for higher education in premier institutions of India and abroad such as IIT Bombay, IIT Roorkee, IIT Dhanbad, IIT Patna NIT Suratkal, NIT Silchar, University of Queensland, etc. The campus placement for 2022 outgoing B.Tech batch is 43% (till March 2022) out of all the eligible students.

CENTRE OF INTERDISCIPLINARY RESEARCH (CIR)

The Dept. of CIR is the newest department established in December 2022 considering the NEP 2020 guidelines and MoE notification to induct emerging areas in the front end. The Dept has opened with 3 Specialization namely: (i) Computational Nanotechnology and Semiconductors (ii) Data Sciences (iii) Smart Grid Technology. The dept. will be conducting research in the above areas and provide PhD degree to the students in Interdisciplinary courses.

The Dept. will start to cater BTech-MTech (dual-degree) for the MTech specializations in (i) Computational Nanotechnology and Semiconductors (ii) Data Sciences in alliance with the Dept of ECE and Dept of CSE, respectively, for existing BTech students to opt for from various branches on completion of their 3rd year.

The Dept. has also introduced a new programme as Minor in Semiconductor and VLSI for existing BTech students to take up additional course credits along with their regular BTech curriculum for eg to have the final degree as BTech in CSE and Minor in Semiconductor and VLSI or BTech in ECE and Minor in Semiconductor and VLSI. These courses are to enable the students to be at par with India Semiconductor Mission (ISM) project of GOI and will allow the students for jobs in Semiconductor domain.

Hostel and Class Rooms

The Institute provides Hostel facilities to the students of NIT Mizoram. At present there are 1 (one) Girls' Hostel and 4 (four) Boys' Hostel. The hostels are provided with standard facilities of lodging and fooding along with internet services. Indoor games and sports facilities along with Gym facilities are provided in the hostels. There are also common rooms in the hostels with television and newspapers and magazines. The students celebrate festivals like Holi, Eid, Onam, Diwali, Christmas, etc. in the hostels.

The Institute also provides bus services to commute the students from the hostels to the academic blocks. Alongside there are ambulances stationed in the hostel premises for emergency services. Each hostel is also installed with generator for power back up in times power failure. Each hostel has a Warden and Assistant Warden, who are faculty members of the Institute. There are also security guards stationed in the hostel and sanitation personnel to safeguard and maintain the overall premises of the hostels. Overall, the Institute's effort is to provide a home away from home for the students of NIT Mizoram.

Training & Placement

The Institute has a Training and Placement Cell (T & P) cell to cater to the training programmes of the students as well as provide platform for placement of the students before they complete the final year of the programme. The Institute aims at providing a conducive environment to attract maximum number of companies to hire our students. The T&P (Training and Placement) Cell of NIT Mizoram not only acts as a facilitator for training and placement but also works towards overall development of the students. It works under the guidance of the Training and Placement team in consultation with FIC.

The Training and Placement Cell of the Institute has been set up to look after the Industry-Academia interface so that the students can be groomed into industry-ready technocrats.

The Training and Placement Cell looks after:

- Internship of the Students
- Corporate Grooming of the students
- Conducting various grooming sessions from Industry experts
- Conducting Guest Lectures
- Final Placement of the final year students

The Central Training and Placement Cell is committed to the professional progress of NIT Mizoram students through integrating the career issues within an academic environment for realizing their best possible career path. The Central Training and Placement Cell has a vision to help the undergraduate, postgraduate and Ph. D. students of NIT Mizoram through counseling, instructions and training for development of desired skills essential for suitable job profile/ higher education/ self-employment and inviting the Corporate Industries / Research or Academic Institutes/ Commercial Organizations/ Public Sector Undertakings for campus placement. Ultimate goal is to facilitate the rating of NIT MIZORAM, predominantly dominated by tribal area, as one among the best NITs in India in terms of Job Placement through coordination with other NITs.

The Institute is fortunate to have recruiters from reputed companies like IOCL, ONGC, Power Grid, TCS, Infosys, IBM, L & T, WIPRO, Accenture, Cummins, Reliance Jio, Samsung Electronics, KEC International, Vedanta, etc.

The Institute is fortunate to have placed a record of 80 % placement record till date with a highest package of Rs. 28 Lakhs per annum.
