Importance of FDP

In this era, the idea of startups is on a rise. Each and every day we hear about success stories of new startups. This leads to the rise of a question in our minds of what it feels like to establish a startup or be associated with the same. A few reasons for establishing a startup entrepreneurship are listed as follows: Innovations, Employment opportunities, Bringing new competition into the economy, promoting the research-innovation system. Startups will always have these four strengths. This FDP includes experts from Academics and Industries who are directly or indirectly involves in the idea of startups at their level.
